VICTOR URUMOV

Montvale, NJ | (201) 478-2332 | victor.urumov@gmail.com | github.com/mrv1ctor
Portfolio site: mrv1ctor.github.io/me

Computer Science and Data Science student building full-stack, data-driven, and immersive applications. Published a Chrome extension that reached 60+ active users, built an award-winning web experience, and developed a Unity VR research prototype.

EDUCATION

Rutgers University — B.A. Computer Science, B.S. Data Science 2025 — 2027 (Expected)
GPA: 3.84
Relevant Coursework: Discrete Structures, Computer Architecture, Data Science, Data Management, Deep Learning

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, Java, C#, C++, HTML/CSS, SQL, Pine Script
Frameworks & Libraries: Svelte / SvelteKit, Node.js, Three.js, Unity
Tools & Platforms: Git/GitHub, Chrome Extension API, ComfyUI, TradingView

PROJECTS

More information for every project below: mrv1ctor.github.io/me

Statsense | *JavaScript, Chrome Extension API, localStorage* Jul 2025

- Built and published a Twitch prediction analytics Chrome extension delivering real-time stats and prediction tracking for chatters.
- Shipped to the Chrome Web Store and organically reached 60+ active users with zero marketing spend.

New Jersey Chemistry Olympics Website | *Svelte, Three.js, JavaScript, HTML, CSS* May 2025

- Designed and built a responsive competition website using Svelte and an interactive Three.js 3D microplastics visualization.
- Won 2nd Place for Website Design at the NJ Chemistry Olympics for visual polish and clarity of information architecture.

EnVRT: Environmental VR Therapy Application | *TypeScript, Unity, C#, ComfyUI, ZoeDepth* Apr 2024

- Developed a VR therapy prototype in Unity/C# combining environment interaction with AI-generated visuals.
- Integrated ComfyUI image generation and ZoeDepth depth-mapping to render depth-aware therapeutic scenes.
- Wrote an accompanying AP Research paper and produced an animated presentation with the Motion Canvas TypeScript library.

Data Management for Data Science: Course Project | *Python, Research, Data Analysis, Statistics* May 2026

- Completed a final course writeup examining whether academic field biases student ratings on RateMyProfessors.
- Applied data management and statistical analysis techniques to a custom web-scraped dataset to test the hypothesis.

LEADERSHIP & VOLUNTEER EXPERIENCE

Pascack Pi-oneers — CEO | *FIRST Robotics Competition (former World Champion team)* 2022 – 2025

- Led and managed a competitive robotics team, organizing recurring volunteer and outreach events.
- Owned the team's website and internal Infotech projects, maintaining them as the team's primary technical lead.

AWARDS & CERTIFICATIONS

AP Capstone Diploma (2025) — awarded for scores of 3+ on AP Seminar, AP Research, and four additional AP Exams
2nd Place, Website Design — NJ Chemistry Olympics (2024)
